Reason for Board Consideration	Action/Information

1. Approval of the Memorial School campus as the location for the new Millennial Tech Middle School (MTM). The MTM school, planned to open in the Fall of 2008, will offer a Science, Technology, Engineering and Mathematics (STEM) program. The school program will be funded through the Magnet Schools Assistance Program Grant (MSAP). The school was part of the Magnet Schools Assistance Program Grant Application, approved by the Board of Education on March 27, 2007, and awarded by the Federal Government in September of 2007. The 2007-08 school year represents a planning year, during which the District is required to make a careful analysis of location options and determine a campus for the new Millennial Tech Middle School. This report discusses three viable campus options and brings forward a recommendation for the Board’s consideration and action. [Exhibit] [Originator – Office of School Choice]
